ABOUT THE SPEAKER

Dr. Yue-ying Li earned both her medical degree and Chinese Medical education and training in China by 1983. She then completed an advanced **dermatology specialty** training in China, under two of China's leading dermatologists. She then left China to practice for nearly two years in a dermatology clinic in London, England.

Dr. Li continues to successfully treat a variety of skin conditions (acne, eczema, psoriasis, dermatitis, warts, herpes, and alopecia) by using traditional herbs and acupuncture.

In addition to her practice, Dr. Li has always loved teaching Chinese Medicine; and has taught for 34 years in China, the UK, and now in the U.S. She is currently a clinic supervisor and faculty member at Yo San University, where she teaches a variety of graduate level courses.

Dr. Li is passionate about working with classical formulas, such as those from Shang Han Lun, which have been around for over 1,800 years. "There is good reason why these formulas have been used for such a long time – they work!"
